

## Moneris Long Range Mobile 8300

## Accept credit and debit card payments on the go with the Moneris® Long Range Mobile 8300

For the ultimate in mobility, the Long Range Mobile 8300 accepts payments anywhere, whether you are on the road, at the door, or at an event. It processes credit and debit card transactions quickly and securely with wireless GPRS network connectivity. Light and compact, this all-in-one point-of-sale (POS) terminal has a bright backlit display, long-lasting battery and built-in printer for receipts.

### Benefits

- **Provide Great Customer Service** – Offering your customers more payment options makes it easy for them to pay you, especially during peak business times.
- **Improve Cash Flow** – Payments accepted with the Mobile 8300 are settled electronically and processed directly to your bank account, improving your cash flow by making your money available sooner.
- **Expand your Business** – Fast authorization time and device portability allows you to accept card payments – wherever you are. Grow your business by adding a gift card or loyalty program to the Mobile 8300.
- **Improve Business Efficiencies** – Device portability allows you to accept payments electronically on the spot so you don't have to mail invoices, accept cheques or handle cash – all of which are costly ways of doing business.
- **Simpler and Safer**  
Accepting payments by credit and debit cards is a simpler and safer way to reduce the amount of cash your employees carry.
