Getting started

In this section, we go over everything you need to know to configure the SAP digital payments add-on to support your enterprise resource planning (ERP) integration with Moneris Gateway.

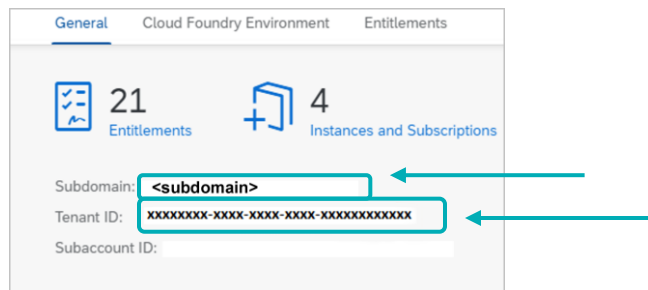

Configuring the SAP digital payments add-on for integration with Moneris Gateway

The steps below describe how to configure the SAP digital payments add-on for integration with Moneris Gateway.

1. Please ensure that you obtain your SAP Business Technology Platform (BTP) **tenant ID** and **subdomain**.

Note: You will be asked to refer to these identifiers in the next few steps. You can obtain these identifiers from the SAP BTP Cockpit application's "General" screen (see [figure 1](#) below).

figure 1

2. Contact Moneris Integration Services via email (is.operations@moneris.com) so that we can set up a Moneris Gateway merchant account and merchant ID for you.

Note: We will ask you to provide your **tenant ID**, which you obtained in step 1.

3. Wait for us to confirm that we have mapped your **Moneris merchant ID** to your SAP tenant ID, and then proceed to the next step.

Important! Do not proceed to the next step until we confirm that your Moneris merchant ID is properly mapped. (The Moneris merchant ID is a 13-digit number. You will need to refer to this ID in a later step.)

4. Configure your Payment Service Provider (PSP) Determination:

- a. Log into SAP digital payments via the URLs (test and production) listed below:

Test environment URL:

- <https://<subdomain>.demo-digitalpayments.authentication.eu10.hana.ondemand.com/pspDetermination/index.html>

Replace the **<subdomain>** with your subdomain name, which you obtained in step 1 above.

Production environment URL:

- <https://<subdomain>.digitalpayments.authentication.eu10.hana.ondemand.com/pspDetermination/index.html>

- b. When the "Payment Service Provider Determination" screen displays (see [figure 2](#) below), continue the next step.

figure 2

Sequence Number	Company Code	Payment Method	...	*Payment Service Pr...	*Merchant	
1			...	Moneris		⊗

- c. Go to the "Payment Service Pr..." (payment service provider) drop-down, and select **Moneris**.
- d. In the "Merchant" drop-down, select your **Moneris merchant ID** (a 13-digit number).
- e. When you are finished entering the information, click on **Save** in the menu bar.
- f. Click on **Logout** in the menu bar to end your login session.

5. Activate "Moneris" as the Payment Service Provider (PSP):

- a. Log into SAP digital payments via the PSP status URLs (test and production) listed below:

Test environment URL:

- <https://<subdomain>.digitalpayments.authentication.eu10.hana.ondemand.com/pspStatus/index.html>

Replace the <subdomain> with your subdomain name, which you obtained in step 1 (page 5).

Production environment URL:

- <https://<subdomain>.digitalpayments.authentication.eu10.hana.ondemand.com/pspStatus/index.html>

- b. When the "Payment Service Provider Status" screen displays (see [figure 3](#) below), continue to the next step.

figure 3

Payment Service Provider	Status
Cybersource	Inactive
Moneris	Inactive

- c. In the "Payment Service Provider" column, click on **Moneris**.
- d. In the menu bar, click on **Activate**.
- e. Confirm that the "Status" column indicator for "Moneris" has changed to "Active".

Note: *The status "Active" indicates that PSP activation was successful.*

- 6. When PSP activation is successful, it means you have completed your SAP digital payments add-on configuration for integration with Moneris Gateway.

Merchant Support

At Moneris, help is always here for you 24/7.

If you need assistance with your payment processing solution, we're here to help, 24/7.

We're only one click away.
