

Get started with PAYD Pro Plus® Multi-Lane!

PAYD Pro Plus Multi-Lane lets you run PAYD Pro Plus on multiple devices (“lanes”) at once so you can check out your customers faster.

Depending on the number of lanes you buy and your Merchant Agreement with Moneris, you can run PAYD Pro Plus on either Apple iPads or laptops, or some combination of both. Contact a Moneris® Sales representative at **1-855-423-PAYD (7293)** to learn more.

Setup Instructions

Here’s what you need to do to get working with PAYD Pro Plus on your additional iPad:

1. Download and install the PAYD Pro Plus App on the additional iPad you want to use as the new lane.

Note: *The PAYD Pro Plus App is available in the App Store by searching for “PAYD Pro Plus” in the iPad App section. Or, click the App Store button below to be taken directly to the PAYD Pro Plus download page.*

2. Launch the PAYD Pro Plus App, enter your existing Moneris PAYD® login credentials (**Username, Password, Store ID**), then tap **Sign In**.

A popup will appear.

3. In the **New Name** field, enter a name for the new iPad.

Note: *By default, the iPad’s name is displayed. If you want the iPad’s name to remain as the default name, leave the displayed name as is and proceed to step 4.*

4. In the **Lane Name** field, select **Add as a new POS**.
5. Tap the checkmark at the bottom of the popup to save your changes.

Congratulations! You have successfully added PAYD Pro Plus to an additional iPad. Repeat steps 1 – 5 to add PAYD Pro Plus to other iPads as needed.

Friendly Reminder

Please be sure to read the terms and conditions of your merchant processing agreements available at getpayd.com/terms. Your acceptance of those terms and conditions will occur when you first use our services.
