MonerisMetrics Quarterly Report

MonerisMetrics is an insightful trends report that measures spending in Canada. It provides information on spending activity in Canada across a range of categories by analyzing credit and debit card transaction data. The percentages cited are derived from actual sales volumes — the dollar values of credit and debit card transactions being processed by Moneris merchants — compared with anonymized sales volumes from the prior year.

1 - Biggest spending increases of Q4 (YOY)

2 - Countries with the highest contribution to foreign spending growth in Canada in Q4 (YOY)

Please note: Published provincial data reflects statistically relevant merchant samples only.

All data contained in this infographic is Moneris proprietary data and includes only credit and debit card-based forms of payment.

The data is provided for informational purposes only and is not intended to constitute financial, accounting, legal, tax or investment advice.
